

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 936 N. Wolcott, LLC
DOCKET NO.: 22-35152.001-R-1
PARCEL NO.: 17-06-422-033-0000

The parties of record before the Property Tax Appeal Board are 936 N. Wolcott, LLC, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,875
IMPR.: \$56,504
TOTAL: \$78,379

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story building of masonry exterior construction with 2,800 square feet of building area. The building is approximately 132 years old. Features include a basement finished with a recreation room,¹ four full bathrooms, and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-11 buildings of masonry or frame and masonry

¹ The Board finds the best evidence of basement finish is found in the appellant's evidence.

exterior construction ranging in size from 2,612 to 2,959 square feet of building area. The buildings range in age from 122 to 133 years old. Three comparables each have a basement, two of which are finished with a recreation room, and two comparables each have a slab foundation. Three comparables have a 2-car garage. Each comparable has from two to four full bathrooms. The comparables have improvement assessments ranging from \$27,457 to \$51,000 or from \$10.51 to \$17.65 per square foot of building area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$47,432.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,379. The subject property has an improvement assessment of \$56,504 or \$20.18 per square foot of building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-11 buildings of masonry exterior construction ranging in size from 2,969 to 3,390 square feet of building area. The buildings range in age from 120 to 133 years old. Three comparables have a basement, two of which are finished with a recreation room or an apartment, and one comparable has a slab foundation. One comparable has central air conditioning. Each comparable has two or four full bathrooms and a 2-car garage. The comparables have improvement assessments ranging from \$65,125 to \$75,250 or from \$21.28 to \$25.35 per square foot of building area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #4, and #5 and the board of review's comparables #3 and #4, due to substantial differences from the subject in building size, foundation type, garage amenity, and/or central air conditioning amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 and the board of review's comparables #1 and #2, which are more similar to the subject in building size, age, location, and most features, although three comparables have fewer bathrooms than the subject, two comparables lack finished basement area that is a feature of the subject, suggesting upward adjustments to these comparables would be needed to make them more

equivalent to the subject. These comparables have improvement assessments that range from \$27,457 to \$73,125 or from \$10.51 to \$24.52 per square foot of building area. The subject's improvement assessment of \$56,504 or \$20.18 per square foot of building area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
