

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Brown
DOCKET NO.: 22-35198.001-R-1
PARCEL NO.: 09-25-112-001-0000

The parties of record before the Property Tax Appeal Board are Jeffrey Brown, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,643
IMPR.: \$72,934
TOTAL: \$90,577

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 4,126 square feet of living area.¹ The dwelling is 85 years old. Features of the home include a basement, central air conditioning, 2 fireplaces and a 2-car garage. The property has a 9,802 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity

¹ The parties' differ regarding the descriptive property characteristics of the subject dwelling. The Board finds the subject is a 2-story dwelling with masonry exterior construction containing 4,126 square feet of living area as disclosed by the board of review, which was unrefuted by the appellant.

comparables located within the subject's assessment neighborhood and within 0.23 of a mile from the subject property. The comparables are improved with class 2-06, 2-story dwellings of frame and masonry exterior construction ranging in size from 3,076 to 4,321 square feet of living area. The homes are from 69 to 92 years old. Four comparables each have a basement with "N/A" disclosed for the finished area. One comparable has a slab foundation. Each comparable has central air conditioning, a fireplace and from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$49,556 to \$69,992 or from \$16.11 to \$16.74 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The appellant's submission included a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject of \$90,577. The subject property has an improvement assessment of \$72,934 or \$17.68 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood and within the subject's subarea or approximately ¼ of a mile from the subject property. The comparables are improved with class 2-06, 2-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,508 to 3,572 square feet of living area. The homes are from 79 to 93 years old. The comparables each have a basement, with one having finished area, from 1 or 3 fireplaces and from a 1-car to a 2.5-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$63,020 to \$82,160 or from \$20.19 to \$32.76 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3 and #5 along with the board of review's comparables #1 and #2 which are less similar to the subject in age, dwelling size and/or foundation type than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the board of review's comparable #3. These comparables are 6% or 13% smaller in dwelling size to the subject and also relatively similar to the subject in location, age, foundation type and some features. These two comparables have improvement assessments of \$64,380 and \$72,360 or \$16.58 and \$20.26 per square foot of living area. The subject's improvement assessment of \$72,934 or \$17.68 per square foot of living area falls somewhat above the improvement

assessments of the two best comparables in the record on an overall basis and is bracketed by these two comparables on a per square foot of living area basis. After considering the economies of scale and adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
