

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michelle Vermont
DOCKET NO.: 22-35369.001-R-1
PARCEL NO.: 02-15-100-019-0000

The parties of record before the Property Tax Appeal Board are Michelle Vermont, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,400
IMPR.: \$27,600
TOTAL: \$33,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,770 square feet of living area. The dwelling is approximately 33 years old. Features include a partial basement, 3 bathrooms, central air conditioning, one fireplace, and a 2-car garage. The property has a 9,000 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code and from 1.3 to 4.0 miles from the subject property. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,490 to 1,725 square feet of living

area. The comparables range in age from 59 to 82 years old. Three comparables each have a full or partial basement and one comparable has a crawl space foundation. Each comparable has central air conditioning, 1½ or 2 bathrooms, and a 1-car or a 2½-car garage. The comparables have improvement assessments ranging from \$19,176 to \$23,960 or from \$12.87 to \$14.08 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,000. The subject property has an improvement assessment of \$27,600 or \$15.59 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,325 to 1,464 square feet of living area. The comparables are either 22 or 43 years old. Two comparables each have a full or partial basement and one comparable has a slab foundation. Each comparable has 2 or 2½ bathrooms and a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$23,772 to \$26,105 or from \$17.83 to \$18.86 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3, and #4 which are located outside the subject's subarea (section), less proximate to the subject than the other comparables in this record, and/or lack a basement foundation, which is a feature of the subject. The Board also gives less weight to board of review comparables #1 and #2 which are less similar to the subject in dwelling size than other comparables in this record and/or lack a basement foundation, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and board of review comparable #3 which are similar to the subject in design/class with varying degrees of similarity in dwelling size, age, and other features. The Board finds the two best comparables, while relatively similar to the subject, to be older and smaller homes with fewer bathrooms relative to the subject. The two best comparables have improvement assessments of \$19,176 and \$26,105 or \$12.87 and \$17.83 per square foot of living area, respectively. The subject's improvement assessment of \$27,600 or \$15.59 per square foot of living area falls above

the two best comparables in this record on an overall value basis and bracketed by them on a per square foot basis. After considering adjustments to the two best comparables for differences from the subject, including but not limited to the aforementioned differences, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
