

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lihua Wang
DOCKET NO.: 22-35603.001-R-1
PARCEL NO.: 02-29-307-023-0000

The parties of record before the Property Tax Appeal Board are Lihua Wang, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,945
IMPR.: \$65,054
TOTAL: \$68,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,487 square feet of living area. The home is approximately 7 years old. Features include a full basement, three full bathrooms, five half bathrooms, central air conditioning, and a 3-car garage. The property has a 9,864 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction with either 3,642 or 3,768 square feet of living area. The homes are either 4 or 7 years old. Each comparable has a full basement, central air conditioning, two full bathrooms, one half bathroom, and a 2-car

garage. The comparables have improvement assessments ranging from \$66,064 to \$67,796 or from \$17.71 to \$18.14 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant's submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$68,999. The subject has an improvement assessment of \$65,054 or \$18.66 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 3,095 to 3,462 square feet of living area. The homes are either 5 or 7 years old. Each comparable has a full basement, two full bathrooms, one half bathroom, central air conditioning, and a 3-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$61,919 to \$70,863 or from \$20.01 to \$21.90 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to board of review comparables #3 and #4 which differ substantially from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables as well as board of review comparables #1 and #2 which are overall more similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarities in bathroom count and other features. The best comparables have improvement assessments ranging from \$65,789 to \$70,863 or from \$17.71 to \$20.47 per square foot of living area. The subject's improvement assessment of \$65,054 or \$18.66 per square foot of living area falls below the range established by the best comparables in this record on an overall basis and within the range on a per square foot basis. After considering the adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
