

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brad Helms
DOCKET NO.: 22-35627.001-R-1
PARCEL NO.: 02-14-311-016-0000

The parties of record before the Property Tax Appeal Board are Brad Helms, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,175
IMPR.: \$35,824
TOTAL: \$41,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,347 square feet of living area. The home is approximately 92 years old. Features include a full basement, central air conditioning, and a 2.5-car garage. The property has a 10,293 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood as the subject and from 0.3 of a mile to 2.7 miles from the subject. The comparables are improved with 2-story, class 2-06 dwellings of frame exterior construction ranging in size from 2,244 to 2,473 square feet of living area. The homes range in age from 69 to 90 years old. Each comparable has a full or partial

basement, central air conditioning, and a 1-car or a 2-car garage. Comparable #1 has one fireplace. The comparables have improvement assessments ranging from \$29,979 to \$33,370 or from \$13.01 to \$13.49 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,000. The subject property has an improvement assessment of \$35,824 or \$15.26 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood as the subject. One comparable is located within the subject's tax block and three comparables are ¼ of mile from the subject. The comparables are improved with 2-story, class 2-06 dwellings of frame or masonry exterior construction ranging in size from 2,244 to 2,470 square feet of living area. The homes range in age from 80 to 131 years old. Each comparable has a full basement and from a 1.5-car to a 3-car garage. Two comparables each have central air conditioning. Two comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$37,902 to \$40,941 or from \$15.57 to \$17.55 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review comparables #3 and #4 due to differences in location, age, and central air conditioning amenity when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are overall more similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. The two best comparables have improvement assessments of \$37,902 and \$40,941 or \$15.79 and \$16.58 per square foot of living area, respectively. The subject's improvement assessment of \$35,824 or \$15.26 per square foot of living area falls below the two best comparables in this record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
