

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Guzaldo
DOCKET NO.: 22-35866.001-R-1
PARCEL NO.: 02-01-200-054-0000

The parties of record before the Property Tax Appeal Board are Robert Guzaldo, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,301
IMPR.: \$60,699
TOTAL: \$63,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family building of masonry exterior construction with 6,567 square feet of gross building area. The building is approximately 43 years old. Features include a slab foundation. The property has a 3,540 square foot site and is located in Arlington Heights, Palatine Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables, one of which is located within the subject's assessment neighborhood. The appellant did not disclose the proximity of the comparables to the subject. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of masonry exterior construction with either 6,137 or 6,840 square feet of gross building area. The buildings are

either 29 or 47 years old. Each comparable has a full basement with finished area. Four comparables each have central air conditioning and a 4-car garage. The comparables have improvement assessments ranging from \$31,296 to \$45,192 or from \$4.58 to \$7.36 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,000. The subject property has an improvement assessment of \$60,699 or \$9.24 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood as well as on the same block and along the same street as the subject property. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction with each having 6,567 square feet of gross building area. The buildings are either 41 or 43 years old. Each comparable has a slab foundation. The comparables have improvement assessments ranging from \$60,716 to \$61,837 or from \$9.25 to \$9.42 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in gross building size than the comparables presented by the board of review, have a dissimilar 2-story design, in contrast to the subject's 3-story design, and/or have a garage amenity, which the subject lacks.

The Board finds the best evidence of assessment equity to be the board of review comparables which are identical or nearly identical to the subject in location, design/class, age, gross building size, and other features. The best comparables have improvement assessments ranging from \$60,716 to \$61,837 or from \$9.25 to \$9.42 per square foot of gross building area. The subject's improvement assessment of \$60,699 or \$9.24 per square foot of gross building area falls slightly below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
