

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Srinivas Reddy
DOCKET NO.: 22-35930.001-R-1
PARCEL NO.: 02-16-406-014-0000

The parties of record before the Property Tax Appeal Board are Srinivas Reddy, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,208
IMPR.: \$52,000
TOTAL: \$60,208

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,953 square feet of living area. The dwelling is approximately 22 years old. Features include a full basement with finished area, central air conditioning, and a 3-car garage. The property has a 13,680 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-08 dwellings of frame or masonry exterior construction ranging in size from 3,966 to 4,348 square feet of living area. The homes range in age from 7 to 32 years

old. Each comparable has a full basement with four having finished area, one or three fireplaces, and from a 2-car to a 3-car garage. Four comparables each have central air conditioning. The comparables have improvement assessments ranging from \$21,653 to \$60,196 or from \$5.31 to \$13.90 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,000. The subject property has an improvement assessment of \$60,792 or \$15.38 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood, three of which are located in Palatine, like the subject. The comparables are improved with 2-story, class 2-08 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 3,949 to 4,238 square feet of living area. The homes range in age from 7 to 54 years old. Each comparable has a full basement with two having finished area, central air conditioning, one or two fireplaces, and a 3-car garage. The comparables have improvement assessments ranging from \$51,670 to \$75,866 or from \$13.08 to \$18.24 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #5 as well as the board of review comparables #1, #3, and #4 due to differences in age when compared to the subject. Further, board of review comparable #4 is located in Inverness, unlike the subject which is in Palatine.

The Board finds the best evidence of assessment equity to the appellant's comparables #2, #3, and #4 as well as board of review comparable #2 which are overall most similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in other features. The comparables have improvement assessments ranging from \$28,343 to \$60,196 or from \$6.72 to \$13.84 per square foot of living area. The subject's improvement assessment of \$60,792 or \$15.38 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
