

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: DK Singh
DOCKET NO.: 22-35976.001-R-1
PARCEL NO.: 02-07-304-010-0000

The parties of record before the Property Tax Appeal Board are DK Singh, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,951
IMPR.: \$39,000
TOTAL: \$77,951

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 5,533 square feet of living area. The home is approximately 39 years old. Features include a full basement with finished area, central air conditioning, two fireplaces, and a 3-car garage. The board of review reported the subject has other improvements, but additional details were not disclosed. The property has a 238,969 square foot site and is located in Inverness, Palatine Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within different assessment neighborhoods than the subject property. The comparables are improved with 2-story, class 2-07 or class 2-08 dwellings of frame or frame and

masonry exterior construction ranging in size from 1,790 to 4,184 square feet of living area. The homes range in age from 22 to 74 years old. Four comparables each have a full or partial basement and one comparable has a slab foundation. Four comparables each have central air conditioning. Four comparables each have one or two fireplaces. Each comparable has a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$6,954 to \$10,325 or from \$2.10 to \$5.77 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the board of review final decision disclosing the total assessment for the subject of \$77,951. The subject property has an improvement assessment of \$39,000 or \$7.02 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-09 dwellings of masonry or frame and masonry exterior construction ranging in size from 5,236 to 5,397 square feet of living area. The homes range in age from 33 to 39 years old. Each comparable has a full or partial basement with two having finished area, central air conditioning, one or two fireplaces, and from a 3 to a 4-car garage. Comparable #1 was reported to have other improvements, but additional details were not disclosed. The comparables have improvement assessments ranging from \$42,000 to \$65,427 or from \$7.78 to \$12.40 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in dwelling size and/or age than other comparables in this record. Further, the appellant's comparables are located in different assessment neighborhoods than the subject property and the appellant's comparables #2 and #3 lack a basement foundation and central air conditioning, respectively, which are both features of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are overall most similar to the subject in design/class, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$42,000 to \$65,427 or from \$7.78 to \$12.40 per square foot of living area. The subject's improvement assessment of \$39,000 or \$7.02 per square foot of living area falls below the range established by the best

comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
