

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maria Camacho
DOCKET NO.: 22-36030.001-R-1
PARCEL NO.: 12-32-407-021-0000

The parties of record before the Property Tax Appeal Board are Maria Camacho, the appellant, by attorney John J. Piegore, of Sanchez, Daniels & Hoffman LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,375
IMPR.: \$16,773
TOTAL: \$20,148

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,669 square feet of living area. The dwelling is approximately 82 years old. Features of the home include a crawl space foundation, central air conditioning and a 2½-car garage. The property has a 7,500 square foot site and is located in Northlake, Leyden Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables consist of class 2-03, 1.5-story dwellings of frame exterior construction ranging in size from 1,454 to 1,759 square feet of living area. The dwellings are 68 to 82 years old. The

comparables have crawl space foundations, central air conditioning and a 1½-car or a 2-car garage. The comparables have improvement assessments ranging from \$14,511 to \$17,787 or from \$9.98 to \$10.11 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$16,773 or \$10.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,000. The subject property has an improvement assessment of \$20,625 or \$12.36 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables consist of class 2-03, 1.5-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,526 or 1,651 square feet of living area. The comparables are 68 to 82 years old. Two comparables have full basements, and two comparables have crawl space foundations. Three comparables each have central air conditioning, one comparable has a fireplace, and each comparable has a 1½-car or a 2-car garage. The comparables have improvement assessments ranging from \$21,545 to \$23,625 or from \$13.10 to \$15.48 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #4 as well as the board of review comparables due to differences from the subject in their dwelling size, age or basement foundation in contrast to the subject's crawl space foundation.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 which are overall more similar to the subject in location, design, age, dwelling size, and some features, but still require adjustments to make them equivalent to the subject, such as their smaller bathroom count and garage capacity. These two comparables have improvement assessments of \$15,902 and \$16,100 or \$10.00 and \$10.05 per square foot of living area. The subject's improvement assessment of \$20,625 or \$12.36 per square foot of living area falls above the two best comparables in the record. After considering adjustments to the two best comparables for differences from the subject, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
