

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Birardi
DOCKET NO.: 22-36054.001-R-1
PARCEL NO.: 12-25-424-019-0000

The parties of record before the Property Tax Appeal Board are Mark Birardi, the appellant, by attorney John J. Piegore, of Sanchez, Daniels & Hoffman LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,738
IMPR.: \$22,261
TOTAL: \$27,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,168 square feet of living area. The dwelling is approximately 97 years old. Features of the home include a full basement and a 2-car garage. The property has a 4,250 square foot site and is located in Elmwood Park, Leyden Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables consist of class 2-03, 1.5-story dwellings of masonry exterior construction ranging in size from 1,165 to 1,487 square feet of living area. The dwellings are 91 to 99 years old. The appellant reported in the grid analysis that the comparables have full basements and "unknown"

for the finished basement area. One comparable has central air conditioning, and three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$18,842 to \$22,959 or from \$15.30 to \$16.41 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$18,887 or \$16.17 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,001. The subject property has an improvement assessment of \$22,263 or \$19.06 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables consist of class 2-03, 1.5-story dwellings of masonry exterior construction ranging in size from 1,140 or 1,360 square feet of living area. The comparables are 93 to 95 years old. The dwellings have full basements, two of which have finished area. One comparable has central air conditioning, and each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$24,852 to \$28,431 or from \$20.91 to \$22.68 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 as well as the board of review comparable #1 due to their larger dwelling sizes, presence of central air conditioning, and/or lack of a garage amenity when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall more similar to the subject in location, design, age, dwelling size, and some features. These four comparables have improvement assessments ranging from \$18,842 to \$28,066 or from \$16.17 to \$22.68 per square foot of living area. The subject's improvement assessment of \$22,263 or \$19.06 per square foot of living area falls within the range established by the best comparables in the record on an overall basis and matches appellant's comparable #3 which sets the lower limit of the range on a per-square-foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
