

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kimberly Blough
DOCKET NO.: 22-36369.001-R-1
PARCEL NO.: 13-36-107-014-0000

The parties of record before the Property Tax Appeal Board are Kimberly Blough, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,115
IMPR.: \$27,122
TOTAL: \$47,237

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story multi-family building of frame exterior construction with 1,323 square feet of gross building area.¹ The building is approximately 127 years old. Features of the building include a full basement and a 2-car garage. The property has a 4,470 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are

improved with 1.5-story or 2-story, class 2-11 multi-family buildings of frame exterior construction ranging in size from 1,326 to 1,581 square feet of gross building area. The buildings range in age from 131 to 142 years old. Each comparable has a full basement and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$23,909 to \$28,757 or from \$15.12 to \$20.46 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$23,847.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,797. The subject property has an improvement assessment of \$29,682 or \$22.44 per square foot of gross building area.

The board of review did not submit any suggested equity comparables in support of its contention of the correct assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant submitted four suggested equity comparables for the Board's consideration, as the board of review failed to provide any suggested comparables. The Board gives less weight to the appellant's comparables #1 and #2 which are less similar to the subject in gross building size than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 which are more similar to the subject in location, age, and gross building size. The two best comparables have improvement assessments of \$27,125 and \$28,757 or \$20.18 and \$20.46 per square foot of gross building area. The subject's improvement assessment of \$29,682 or \$22.44 per square foot of gross building area falls above the two best comparables in this record and appears to be excessive. After considering the necessary adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
