

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Caputo
DOCKET NO.: 22-36382.001-R-1
PARCEL NO.: 17-08-426-041-1003

The parties of record before the Property Tax Appeal Board are Brian Caputo, the appellant(s), by attorney Mary T. Nicolau, of Fox Rothschild LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,364
IMPR.: \$62,436
TOTAL: \$64,800

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1,306 square foot condo unit in a condominium building on a 2,550 square feet parcel in Chicago, West Chicago Township, Cook County. The 12-year-old unit, a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance built on a slab foundation, featured two full bathrooms, one fireplace, central air conditioning, and a 200 square foot garage.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$650,000 as of May 20, 2021. The appellant also argues recent sale in support of his argument. In support of this argument the appellant presented information on his purchase of the subject condo in June 2021 for a sale price of \$648,000 or \$496.17 per square foot of living area, land included in the sale price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$70,754. The subject's assessment reflects a market value of \$707,540 or \$541.76 per square foot of living area, including land, when applying the level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted an analysis of the subject improvement condo sale, including the sale of another unit in the same building while using these respective sales and their percentages of ownership to arrive at the assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant presented an appraisal of the subject condo which included comparable sales information. The appellant also presented information on his recent purchase of the condo unit. This sale had all indication of an arm's length purchase in that, as the appellant disclosed in his Residential Appeal form, the sale was not between family members or related parties, the subject was advertised by use of the Multiple Listing Service for a period of four months, and the property was not bought as part of a foreclosure action. The appellant also included a Master Settlement Statement detailing the purchase of the subject property.

The Board finds the best evidence of market value to be the recent sale information submitted by the appellant. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$648,000 as of the lien year of 2022 and the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. (86 Ill.Admin.Code §1910.50(c)(2)). The Board has established that the appellant has met his burden by a preponderance of the evidence and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
