

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kosmas Gonos
DOCKET NO.: 22-36613.001-R-1
PARCEL NO.: 12-21-220-015-0000

The parties of record before the Property Tax Appeal Board are Kosmas Gonos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,554
IMPR.: \$22,250
TOTAL: \$26,804

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,247 square feet of living area. The home is approximately 59 years old. Features include a partial basement with finished area, central air conditioning and a 2-car garage. The property has a 5,060 square foot site and is located in Schiller Park, Leyden Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that are located within the same assessment neighborhood code as the subject and are within 0.8 of a mile from the subject property. The comparables consist of class 2-34 multi-level dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,095 to

1,760 square feet of living area. The homes are 53 to 63 years old. According to the property characteristics printouts provided by the appellant, the homes have full unfinished basements and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$19,050 to \$22,750 or from \$12.93 to \$18.05 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$20,226 or \$16.22 per square foot of living area.

The board of review submitted its “Board of Review Notes on Appeal.” The appellant submitted a copy of the Cook County Board of Review final decision for the 2022 tax year disclosing the total assessment for the subject property of \$29,000. The appellant reported the subject property has an improvement assessment of \$24,446 or \$19.60 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood code as the subject and within the subject’s same block or approximately ¼ of a mile from the subject property. The comparables consist of class 2-34 multi-level dwellings of frame and masonry exterior construction ranging in size from 972 to 1,036 square feet of living area. The homes are 56 to 58 years old. The comparables have partial basements with finished area and either a 2-car or a 2½-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments of \$21,322 and \$21,646 or from \$20.89 to \$22.27 per square foot of living area. Based on this evidence, the board of review requested that the subject’s assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board’s consideration. The Board gives less weight to the appellant’s comparables and board of review comparable #2 due to differences in their dwelling sizes and/or lack of a basement finish when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review’s remaining comparables which are relatively similar to the subject in location, design, dwelling size, age and most features. These three comparables have improvement assessments of \$21,322 and \$21,646 or from \$20.89 to \$21.47 per square foot of living area. The subject’s improvement assessment of \$24,446 or \$19.60 per square foot of living area falls above the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject property, the Board finds the subject’s improvement assessment is excessive. Based on this record, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
