

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter D'Agostino
DOCKET NO.: 22-36617.001-R-1
PARCEL NO.: 12-15-324-001-0000

The parties of record before the Property Tax Appeal Board are Peter D'Agostino, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,600
IMPR.: \$53,617
TOTAL: \$59,217

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 4,928 square feet of gross building area. The building is approximately 53 years old. Features of the building include a full basement with an apartment and 6 bathrooms.¹ The property has a 6,223 square foot site and is located in Schiller Park, Leyden Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information, including property characteristics printouts, on four equity comparables that are located within the subject's

assessment neighborhood code, along the subject's same street and from 161 feet to 0.1 of a mile from the subject. The comparables consist of class 2-11, 2-story multi-family buildings of masonry exterior construction each containing 4,928 square feet of gross building area. The buildings are from approximately 50 to 53 years old. Each comparable has a full basement with finished area and 6 bathrooms. The comparables have improvement assessments that range from \$48,493 to \$51,567 or from \$9.84 to \$10.46 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$50,726 or \$10.29 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,217. The subject property has an improvement assessment of \$53,617 or \$10.88 per square foot of building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code and within the same block and street as the subject. The comparables consist of class 2-11, 2-story multi-family buildings of masonry exterior construction each containing 4,928 square feet of gross building area. The buildings are approximately 51 or 53 years old. The comparables have full basements with an apartment and 6 bathrooms. The comparables have improvement assessments of \$53,613 and \$54,613 or \$10.88 and \$11.08 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board finds all of the comparables are located within the same assessment neighborhood, block and street as the subject and are identical in overall property characteristics to the subject property. The parties' eight comparables have improvement assessments ranging from \$48,493 to \$54,613 or from \$9.84 to \$11.08 per square foot of gross building area. The subject's improvement assessment of \$53,617 or \$10.88 per square foot of gross building area falls within the range established by the comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels,

all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
