

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott LoSasso
DOCKET NO.: 22-36747.001-R-1
PARCEL NO.: 14-18-132-003-0000

The parties of record before the Property Tax Appeal Board are Scott LoSasso, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,076
IMPR.: \$117,167
TOTAL: \$158,243

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame exterior construction with 3,159 square feet of living area. The dwelling is approximately 7 years old. Features include a full basement with finished area, 2½ bathrooms, central air conditioning, two fireplaces, and a three-car garage. The property has a 4,564 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of the assessment inequity argument, the appellant submitted information on four comparables located in the same neighborhood code and within ½ of a mile from the subject. The comparables consist of class 2-78 two-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,990 to 3,586 square feet of living area. The

homes range in age from 4 to 16 years old. Each comparable has a full basement, 2 to 4 bathrooms and 1 or 2 half-baths, central air conditioning, and one to four fireplaces. Three comparables have from a two-car to a three-car garage. The comparables have improvement assessments ranging from \$87,727 to \$109,980 or from \$29.34 to \$32.01 per square foot of living area.

Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$97,897 or \$30.99 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$158,243. The subject property has an improvement assessment of \$117,167 or \$37.09 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code and within ¼ of a mile from the subject. The comparables are improved with class 2-78 two-story dwellings of frame exterior construction that range in size from 3,199 to 3,396 square feet of living area. The comparables are either 7 or 10 years old. Features include full basements with finished area, 3 or 4 bathrooms and 1 or 2 half-baths, central air conditioning, one or two fireplaces, and a two-car to a three-car garage. The comparables have improvement assessments ranging from \$87,981 to \$143,924 or from \$27.50 to \$43.95 per square foot of living area.

Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparable #3, due to a significant difference in dwelling size when compared to the subject of approximately 14%.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2 and #4 as well as the board of review comparables, which are each more similar to the subject in location, age, design, bathroom count, foundation and basement finish and/or air conditioning. Adjustments to the comparables are necessary for various differences when compared to the subject in order to make them more equivalent to the subject. The comparables have improvement assessment ranging from \$87,727 to \$143,924 or from \$27.50 to \$43.95 per square

foot of living area. The subject's improvement assessment of \$117,167 or \$37.09 per square foot of living area falls within the range established by the best comparables in this record both in terms of overall improvement assessment and on a per-square-foot of living area basis.

Based on this record and after considering appropriate adjustments to the comparables for differences in comparison to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
