

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Socorro Ferrer  
DOCKET NO.: 22-36859.001-R-1  
PARCEL NO.: 13-30-229-004-0000

The parties of record before the Property Tax Appeal Board are Socorro Ferrer, the appellant, by Robert Rosenfeld, attorney-at-law of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,967  
**IMPR.:** \$13,550  
**TOTAL:** \$27,517

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 1.5-story dwelling of masonry exterior construction containing 1,317 square feet of living area. The dwelling is approximately 80 years old. Features of the property include a full unfinished basement, one bathroom, and a 1-car garage. The property has a 5,587 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables composed of class 2-03 properties improved with "one or more story" dwellings of masonry exterior construction that range in size from 1,309 to 1,394 square feet of living area. The homes range in age from 69 to 96 years old. Each property has a full basement, 1 or 1½

bathrooms, and a 1-car, 1½-car, or 2-car garage. The comparables have the same assessment neighborhood code as the subject and are located from .2 to .8 of a mile from the subject property. These properties have improvement assessments ranging from \$13,550 to \$13,889 or from \$9.72 to \$10.38 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$13,249.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,999. The subject property has an improvement assessment of \$15,032 or \$11.41 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables consisting of class 2-03 properties improved with 1.5-story dwellings of masonry exterior construction that range in size from 1,194 to 1,526 square feet of living area. The homes range in age from 71 to 94 years old. Each property has a full basement with one having finished area, 1 or 1½ bathrooms, and a 2-car garage. The comparables have the same assessment neighborhood code as the subject property and are located in the same block or ¼ of a mile from the subject property. Their improvement assessments range from \$16,500 to \$20,738 or from \$13.59 to \$14.29 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted information on seven equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board finds the best evidence of assessment equity to be the appellant's comparables that are more similar to the subject property in dwelling size and features than are the comparables provided by the board of review. The appellant's comparables have improvement assessments that range from \$13,550 to \$13,889 or from \$9.72 to \$10.38 per square foot of living area. The subject's improvement assessment of \$15,032 or \$11.41 per square foot of living area falls above the range established by the best comparables in this record. The Board gives less weight to the comparables provided by the board of review due to differences from the subject property in dwelling size and/or features. Based on this record the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
