

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lynn Stephens Jumbeck
DOCKET NO.: 22-37177.001-R-1
PARCEL NO.: 13-03-316-136-0000

The parties of record before the Property Tax Appeal Board are Lynn Stephens Jumbeck, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,490
IMPR.: \$33,966
TOTAL: \$48,456

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,591 square feet of living area. The dwelling was constructed in 1956 and is approximately 66 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 1-car garage. The property has a 5,796 square foot site and is located in Chicago, Jefferson Township, Cook County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and within .6 of a mile from the subject. The comparables are class 2-03 properties improved with dwellings of masonry exterior construction that range in size from 1,536 to 1,782 square feet of living area. The dwellings are 57 to 73 years old and have full partial or full basements. However, the appellant did not address whether there was basement finish and only reported "n/a" in the finished basement

area section of the grid analysis. Each comparable has central air conditioning and a 1-car to a 2.5-car garage. One comparable has two fireplaces. The comparables have improvement assessments ranging from \$23,824 to \$34,150 or from \$15.16 to \$19.66 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,456. The subject property has an improvement assessment of \$33,966 or \$21.35 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code and on the same block as the subject. The comparables are class 2-03 properties improved with 1-story dwellings of masonry exterior construction ranging in size from 1,238 to 1,603 square feet of living area. The homes are 64 to 67 years old and have full basements, with two having finished area. Each comparable has central air conditioning and a 1-car to a 2-car garage. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$32,688 to \$36,968 or from \$22.73 to \$26.40 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #3 as well as board of review comparable #3 which are less similar to the subject dwelling in age and/or size.

The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #4 along with board of review comparables #1, #2 and #4. These five comparables overall are more similar to the subject in location, age, and dwelling size with varying degrees of similarity in features. The comparables have improvement assessments ranging from \$24,913 to \$36,968 or from \$16.22 to \$24.71 per square foot of living area. The subject's improvement assessment of \$33,966 or \$21.35 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
