

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Judith Ricci
DOCKET NO.: 22-37233.001-R-1
PARCEL NO.: 09-24-326-031-0000

The parties of record before the Property Tax Appeal Board are Judith Ricci, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,370
IMPR.: \$ 23,757
TOTAL: \$ 31,127

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) after receiving a decision from the Cook County Board of Review. The instant appeal challenges the assessment for tax year 2022. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

Findings of Fact

The subject consists of a one-story single-family dwelling of frame and masonry construction with 945 square feet of living area. The dwelling is 67 years old. Features of the home include a crawl and a two-car garage. The property's site is 6,700 square feet, and it is located in Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables.

The appellant also contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three sale comparables. These sale comparables sold between September 2001 and October 2013 for \$190,000 to \$212,000, or \$175.83 to \$195.47 per square foot of living area, including land. The appellant also submitted evidence disclosing the

subject property was purchased on September 28, 2020 for a price of \$210,000. In Section IV of the appeal form, that appellant stated that the transaction was between family members, that the property was sold by the owner, and that it was not advertised for sale on the open market. The settlement statement submitted by the appellant shows that the buyers and the seller have the same last name. In Section II of the appeal form, the appellant stated that the subject is owner-occupied. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$19,869.

The board of review submitted its "Board of Review Notes on Appeal" disclosing that the total assessment for the subject is \$31,127. The subject property has an improvement assessment of \$23,757, or \$25.14 per square foot of living area. The subject's assessment reflects a market value of \$311,270, or \$329.39 per square foot of living area, including land, when applying the 2022 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables, and three sale comparables. These sale comparables sold from May 2019 to February 2022 for \$304,000 to \$400,000, or \$262.07 to \$396.83 per square foot of living area, including land. The board of review's evidence also states that the subject was purchased in December 2020 for \$210,000.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof, and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be all of the board of review's sale comparables. These sale comparables had market values ranging from \$262.07 to \$396.83 per square foot of living area, including land. The subject's market value of \$329.39 per square foot of living area, including land, falls within the range established by the best comparables in this record. The recent sale of the subject was given no weight in the Board's analysis, as the transaction was between related parties and the subject was not exposed to the open market. Therefore, based on this evidence, the Board finds that the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is not warranted on this basis.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proven by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject

property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof, and that a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be all of the equity comparables submitted by the parties. These equity comparables had improvement assessments ranging from \$14.42 to \$27.51 per square foot of living area. The subject's improvement assessment of \$25.14 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant has not proven, with clear and convincing evidence, that the subject is inequitably assessed, and that a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
