

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joanne Ulczak
DOCKET NO.: 22-37370.001-R-1
PARCEL NO.: 12-36-217-026-0000

The parties of record before the Property Tax Appeal Board are Joanne Ulczak, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,738
IMPR.: \$28,261
TOTAL: \$33,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry construction with 2,040 square feet of living area that is approximately 94 years old. The dwelling features 2 bathrooms, a full unfinished basement, and a 2-car garage. The property has a 4,250 square foot site and is located in Elmwood Park, Leyden Township, Cook County. The subject is classified as a class 2-04 property¹ under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 3,630 to 7,500 square feet of land area. The sites are improved with 1.5-story, class 2-04 dwellings of masonry construction. The dwellings range in size from 1,850 to 2,293 square feet

¹ One-story residence, any age, with at least 1,801 square feet of living area.

of living area and range in age from 72 to 96 years old. Each comparable features 2 bathrooms, a full unfinished basement, central air conditioning, and a 2-car garage. One comparable has a fireplace. The comparables sold from June 2019 to November 2021 for prices ranging from \$142,000 to \$257,500 or from \$69.51 to \$139.19 per square foot of living area, including land. Appellant's counsel also submitted copies of the deeds for each comparable sale and a brief requesting a reduction to the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,999.² The subject's assessment reflects a market value of \$339,990 or \$166.66 per square foot of living area, including land, when applying the 10% level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance.

In support of the subject's assessment, the board of review submitted a grid analysis with information on four comparables with three containing sales data.³ The three comparables sales are located within the same block, the same subarea, or within ¼ of a mile from the subject, and two within the same assessment neighborhood code as the subject property. The comparables have sites of either 3,750 to 5,250 square feet of land area that are improved with 1.5-story, class 2-04 dwellings of masonry or frame construction. The comparables range in size from 1,927 to 2,074 square feet of living area and range in age from 70 to 101 years old. Each comparable has either 2 or 3½ baths, a full basement finished with a recreation room, and a 2-car garage. Two comparables have central air conditioning, and two have 1 or 2 fireplaces. The comparables sold from October 2019 to May 2022 for prices ranging from \$359,500 to \$410,000 or from \$185.36 to \$197.69 per square foot of living area, land included.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparable sales for the Board's consideration. The Board gave less weight to appellant's comparables #2 and #3, along with board of review comparable #3 as these sales occurred in 2019 and are less proximate in time to the January 1, 2022 assessment date at issue, thus are not as likely to reflect the subject's market value as of the lien date than the remaining comparables in the record. The Board also gave less weight to appellant's comparable #1 as this comparable appears to be an outlier based on its significantly low sale price when compared to the remaining comparables that sold proximate to the lien date. The Board finds the best evidence of market value to be appellant's comparable #4 and board of

² Although the Board of Review Notes on Appeal disclosed the final assessment to be \$34,001, the final decision of the Cook County Board of Review submitted by the appellant depicts the final total assessment to be \$33,999.

³ The board of review comparable #2 does not contain any sale data and will not be considered by the Board in its analysis due to being non-responsive to the appellant's market value argument.

review comparables #1 and #4 which sold more proximate in time to the lien date and are most similar to the subject in location, age, design, dwelling size, and some features. However, two of these comparables have central air conditioning, which is not a feature of the subject, and two have finished basements, dissimilar to the subject's unfinished basement, thus suggesting that downward adjustments are needed to these comparables in order to make them more like the subject. The best comparables in the record sold from November 2021 through May 2022 for prices ranging from \$257,500 to \$410,000 or from \$139.19 to \$197.69 per square foot of living area, land included. The subject's assessment reflects a market value of \$339,990 or \$166.66 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record both in terms of overall market value and on a per square foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject is not overvalued and, therefore, a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
