

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Evaskus
DOCKET NO.: 22-37383.001-R-1
PARCEL NO.: 13-15-402-012-0000

The parties of record before the Property Tax Appeal Board are David Evaskus, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,960
IMPR.: \$34,970
TOTAL: \$59,930

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,187 square feet of living area. The dwelling is approximately 118 years old. Features of the home include a basement with finished area, 2.5 bathrooms and a 2-car garage.¹ The property has an approximately 7,800 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The

¹ The Board finds the best description of the subject property was found in the grid analysis submitted by the board of review, disclosing a finished basement, which was not refuted by the appellant.

comparables are improved with class 2-05 dwellings of frame exterior construction ranging in size from 1,880 to 2,052 square feet of living area and in age from 129 to 141 years old. Each comparable has an unfinished basement, 2.0 or 2.5 bathrooms and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$21,837 to \$26,532 or from \$11.62 to \$12.99 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$27,338 or \$12.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,930. The subject property has an improvement assessment of \$34,970 or \$15.99 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-05 dwellings of frame exterior construction ranging in size from 1,992 to 2,188 square feet of living area. The homes range in age from 105 to 133 years old. Each comparable has an unfinished basement and from 1.5 to 2.5 bathrooms. Two dwellings have central air conditioning, three homes each have one fireplace and each comparable has from a 1.5-car to a 2.5-car garage. Comparable #1 has "other improvements" which were not further described. The comparables have improvement assessments ranging from \$32,768 to \$43,160 or from \$16.45 to \$20.15 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #1 which is substantially older than the subject and other properties in the record.

The Board finds the best evidence of assessment equity to be appellant comparables #2, #3 and #4 along with board of review comparables which are more similar to the subject in location, design, dwelling size and some features. However, each of these properties has an unfinished basement when compared to the subject, and six of these dwellings are more than 10 years different in age relative to the subject suggesting adjustments are needed to make these comparables more equivalent to the subject. Board of review comparable #2 is most similar to the subject in age and other features and has an improvement assessment of \$32,768 or \$16.45 per square foot of living area. These best comparables have improvement assessments ranging from \$24,468 to \$43,160 or from \$12.47 to \$20.15 per square foot of living area. The subject's improvement assessment of \$34,970 or \$15.99 per square foot of living area falls within the

range established by the best comparables in the record and below the most similar comparable on a per square foot basis. Therefore, after considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
