

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adela Garcia
DOCKET NO.: 22-37407.001-R-1
PARCEL NO.: 12-28-404-043-0000

The parties of record before the Property Tax Appeal Board are Adela Garcia, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,016
IMPR.: \$18,235
TOTAL: \$22,251

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame construction with 1,116 square feet of living area that is approximately 78 years old. The dwelling features 1 bathroom, a full unfinished basement, and a 2-car garage. The property has a 5,355 square foot site and is located in Franklin Park, Leyden Township, Cook County. The subject is classified as a class 2-03 property¹ under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within the same assessment neighborhood code as the subject property. The comparables have sites ranging from 5,375 to 6,614 square feet of land area that are improved with 1.5-story, class 2-03 dwellings of frame construction. The dwellings range in size from 1,109 to 1,300 square feet of living area and are

¹ One-story residence, any age, with 1,000 to 1,800 square feet of living area.

either 74 or 75 years old. Each comparable has a full basement with undisclosed finish area, central air conditioning, and a 2-car garage. The comparables sold from October 2019 to June 2022 for prices ranging from \$168,500 to \$198,550 or from \$142.23 to \$178.39 per square foot of living area, including land. Appellant's counsel also submitted copies of the deeds for each comparable sale and a brief requesting a reduction to the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the final decision of the board of review disclosing the total assessment for the subject of \$22,251. The subject's assessment reflects a market value of \$222,510 or \$199.38 per square foot of living area, including land, when applying the 10% level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance.

In support of the subject's assessment, the board of review submitted a grid analysis with information on four comparable sales located within the same "subarea" or within ¼ of a mile of the subject, and within the same assessment neighborhood code as the subject property. The comparables have sites ranging from 4,494 to 7,500 square feet of land area that are improved with 1-story, class 2-03 dwellings of masonry or frame and masonry construction. The comparable sales range in size from 1,105 to 1,264 square feet of living area and range in age from 65 to 72 years old. Each comparable has 1 or 1½ baths, central air conditioning, and a 1-car, a 1.5-car, or a 2-car garage. Three comparables have a full or partial unfinished basement, and one comparables has a concrete slab foundation. The comparables sold from August to December 2022 for prices ranging from \$253,000 to \$345,000 or from \$220.73 to \$305.85 per square foot of living area, land included.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparable sales for the Board's consideration. The Board gave less weight to appellant's comparables #1 and #3 based on their sale dates in 2019 and 2020, respectively, which are less proximate in time and less likely to reflect the subject's market value as of the January 1, 2022 assessment date at issue than the remaining comparables that sold more proximate in time to the lien date at issue. Additionally, the Board gave less weight to board of review comparable #4 based on its concrete slab foundation, dissimilar to the subject's basement foundation. The Board finds the best evidence of market value to be appellant's comparables #2 and #4, along with board of review comparables #1, #2, and #3 which are most similar to the subject in location, dwelling size, age, and other amenities.

The best comparables in the record sold from February to December 2022 for prices ranging from \$177,000 to \$345,000 or from \$152.19 to \$305.85 per square foot of living area, land included. Excluding appellant's comparable #4 and board of review comparable #3 which are at the low end and high end of the range of values, respectively, yields a tighter range from

\$198,550 to \$280,000 or from \$178.39 to \$235.69 per square foot of living area, land included. The subject's assessment reflects a market value of \$222,510 or \$199.38 per square foot of living area, including land, which falls well within the range established by the best comparable sales in the record both in terms of overall market value and on a per square foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject is not overvalued and, therefore, a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
