

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Lykouratzos
DOCKET NO.: 22-37680.001-R-1
PARCEL NO.: 12-11-327-011-0000

The parties of record before the Property Tax Appeal Board are George Lykouratzos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,864
IMPR.: \$26,615
TOTAL: \$33,479

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry construction with 1,166 square feet of living area that is approximately 56 years old. The subject features 1 bathroom, a full basement finished with a recreation room, central air conditioning, and a 2-car garage. The property has a 5,280 square foot site and is located in Norridge, Leyden Township, Cook County. The subject is classified as a class 2-03 property¹ under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within the same assessment neighborhood code as the subject property. The comparables have sites ranging in size from 3,750 to 5,400 square feet of land area that are improved with 1-story, class 2-03 dwellings of

¹ One-story residence, any age, with 1,000 to 1,800 square feet of living area.

masonry construction. The dwellings range in size from 1,164 to 1,584 square feet of living area and range in age from 55 to 62 years old. Each comparable features 1 bath and a full unfinished basement. Two comparables have central air conditioning, and three have a 2-car garage. The comparables sold from October 2019 to September 2021 for prices ranging from \$125,000 to \$349,000 or from \$96.30 to \$243.90 per square foot of living area, including land. Appellant's counsel also submitted copies of the deeds for each comparable sale and a brief requesting a reduction to the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,479. The subject's assessment reflects a market value of \$334,790 or \$287.13 per square foot of living area, including land, when applying the 10% level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance.

In support of the subject's assessment, the board of review submitted a grid analysis with information on four comparable sales located within the same (survey) block or within ¼ of a mile from the subject, and within the same assessment neighborhood code as the subject property. The comparables have sites of either 5,000 or 5,280 square feet of land area that are improved with 1-story, class 2-03 dwellings of masonry construction. The comparables each contain 1,166 square feet of living area and are either 56 or 58 years old. Each comparable features 1 or 1½ baths, a full basement, (two finished with formal recreation rooms), central air conditioning, and a 2-car garage. The comparables sold from April 2020 to September 2022 for prices ranging from \$355,000 to \$422,000 or from \$304.46 to \$361.92 per square foot of living area, land included.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparable sales for the Board's consideration. The Board gave less weight to appellant's comparables #2, #3, and #4, along with board of review comparable #2 based on these sales occurring in 2019 and 2020 which are less proximate in time to the January 1, 2022 assessment date at issue and, thus, less likely to be reflective of subject's market value than the remaining comparables that sold more proximate in time to the lien date. The significance of a sale occurring more proximate in time to the assessment date at issue is illustrated by the board of review comparables which are nearly identical to the subject property in location, lot size, dwelling size, age, design, exterior construction, foundation, and other features, but have differing sale prices over an approximately 2½ year time span. The Board also gave less weight to appellant's comparable #1 based on its significantly larger dwelling size relative to the subject dwelling.

The Board finds the best evidence of market value to be board of review comparables #1, #3, and #4, which sold more proximate in time to the assessment date at issue and are nearly identical to the subject in relevant characteristics. The best comparables in the record sold from July 2021 to September 2022 for prices ranging from \$381,000 to \$422,000 or from \$326.76 to \$361.92 per square foot of living area, land included. The subject's assessment reflects a market value of \$334,790 or \$287.13 per square foot of living area, including land, which falls below the range established by the best comparable sales in the record both in terms of overall market value and on a per square foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject is not overvalued and, therefore, a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
