

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Katherine Juozaitis  
DOCKET NO.: 22-37819.001-R-1  
PARCEL NO.: 02-25-411-026-0000

The parties of record before the Property Tax Appeal Board are Katherine Juozaitis, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,511  
**IMPR.:** \$16,195  
**TOTAL:** \$21,706

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 1,107 square feet of living area. The dwelling is approximately 68 years old. The home features a crawl space foundation, one full bathroom and a 2-car garage. The property has a 10,020 square foot site and is located in Rolling Meadows, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code and property classification code as the subject. Three comparables are located from .17 to .47 of a mile from the subject property. The comparables are improved with one-story dwellings of frame exterior construction

ranging in size from 1,068 to 1,213 square feet of living area. The dwellings are from 67 to 69 years old. The comparables each have a crawl space foundation, one or two full bathrooms and either a 2-car or a 2.5-car garage. One comparable has an additional half bathroom, three comparables have central air conditioning and one comparable has a fireplace. The comparables have improvement assessments that range from \$14,742 to \$18,194 or from \$13.80 to \$15.12 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$16,195 or \$14.63 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,000. The subject property has an improvement assessment of \$20,489 or \$18.51 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located within the same block as the subject property, one of which is also along the same street as the subject. The comparables are improved with one-story dwellings of frame exterior construction containing 1,003 or 1,099 square feet of living area. The dwellings are each 68 years old. Two comparables each have a partial basement and two comparables each have a crawl space foundation. Each comparable has one full bathroom and either 1.5-car or a 3-car garage. Three comparables have central air conditioning. The comparables have improvement assessments that range from \$19,489 to \$21,489 or from \$19.43 to \$20.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #2, #3 and #5, as well as the four comparables submitted by the board of review which have central air conditioning and/or a basement foundation, unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4, which have the same assessment neighborhood code and property classification code as the subject. These two comparables are similar to the subject in location, dwelling size, design, foundation type, age and some features. The comparables have improvement assessments of \$17,164 and \$18,194 or \$14.15 and \$15.06 per square foot of living area, respectively. The subject's improvement assessment of \$20,489 or \$18.51 per square foot of living area is greater than the two best comparables in the record both in terms of total improvement assessment and

on a per square foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's improvement assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
