

**AMENDED  
FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donna Forsberg  
DOCKET NO.: 22-37960.001-R-1  
PARCEL NO.: 14-05-102-025-0000

The parties of record before the Property Tax Appeal Board are Donna Forsberg, the appellant, by attorney Thomas E. Sweeney, of Siegel Jennings Co., LPA in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,000  
**IMPR.:** \$43,500  
**TOTAL:** \$65,500

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story, multi-family building of frame exterior construction with 2,257 square feet of building area. The building is approximately 114 years old. Features include a full basement with finished area, central air conditioning, and 3.5 bathrooms. The property has a 2,750 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame exterior construction

ranging in size from 1,816 to 2,496 square feet of building area. The comparables range in age from 110 to 124 years old. The comparables each have a full basement and from 2.0 or 3.5 bathrooms. Four comparables have either a 2-car or a 2.5-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$18,672 to \$26,400 or from \$8.99 to \$11.04 per square foot of building area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,500. The subject property has an improvement assessment of \$43,500 or \$19.27 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, two of which are located within the same neighborhood code as the subject property. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 2,225 to 2,640 square feet of building area. The comparables range in age from 105 to 119 years old. The comparables each have a full basement, two of which have finished area, and from 2.0 to 4.0 bathrooms. Two comparables each have central air conditioning. One comparable has two fireplaces. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$39,200 to \$44,625 or from \$15.91 to \$20.06 per square foot of building area per square foot of building area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #3, and #5 as well as the board of review's comparables #2 and #4 which are more similar to the subject in location, design, age, and building size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$18,672 to \$44,625 or from \$15.91 to \$20.06 per square foot of building area. The subject's improvement assessment of \$43,500 or \$19.27 per square foot of building area falls within the range established by the best comparables in this record. The Board gave less weight to the appellant's comparable #4 as well as board of review comparables #1, #2, and #4 which differ substantially from the subject in dwelling size. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
