

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Knight
DOCKET NO.: 22-38014.001-R-1
PARCEL NO.: 14-19-301-033-0000

The parties of record before the Property Tax Appeal Board are David Knight, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,500
IMPR.: \$103,000
TOTAL: \$149,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,384 square feet of living area. The dwelling is approximately 7 years old. Features of the home include a full basement with finished area, three full baths, central air conditioning, and one fireplace. The property has a 3,720 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-78 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 3,416 to 3,708 square feet of living area. The dwellings are 15 to 18 years old and have full basements

with finished area. Each comparable has central air conditioning and two, three or four full baths. Four comparables each have one or two fireplaces and a 2-car, a 2.5-car or a 3-car garage. The comparables have improvement assessments ranging from \$92,875 to \$103,914 or from \$27.19 to \$29.17 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$165,042. The subject property has an improvement assessment of \$118,542 or \$35.03 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-78 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 2,690 to 2,905 square feet of living area. The dwellings are 1 to 10 years old and have full basements with finished area. Each comparable has four full baths, one or two half baths, central air conditioning and a 2-car or a 2.5-car garage. Two comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$112,250 to \$120,500 or from \$38.64 to \$43.68 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains eight comparables for the Board's consideration. The Board gives less weight to appellant's comparable #1 as well as the board of review comparables due to differences in age or dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #2 through #5 which are more similar to the subject in age and dwelling size with varying degrees of similarity in features. However, the Board recognizes adjustments would have to be considered for age as the best comparables are 8 or 9 years older than the subject and/or for differences in features such as number of fireplaces, number of baths and garage amenity. These comparables have improvement assessments ranging from \$95,815 to \$103,914 or from \$27.44 to \$29.17 per square foot of living area. The subject's improvement assessment of \$118,542 or \$35.03 per square foot of living area falls above the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
