

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Menahem Deitcher
DOCKET NO.: 22-38121.001-R-1
PARCEL NO.: 14-30-404-082-0000

The parties of record before the Property Tax Appeal Board are Menahem Deitcher, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,762
IMPR.: \$85,793
TOTAL: \$123,555

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,005 square feet of living area. The home is approximately 15 years old. Features of the home include a full basement with finished area, central air conditioning, one fireplace, and a 2-car garage. The property has a 3,021 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame, stucco, or masonry exterior construction ranging in size from 2,716 to 3,113 square feet of living area. The homes

range in age from 18 to 29 years old. The comparables each have a full basement, four of which have finished area. Each comparable has central air conditioning. Four comparables each have one or two fireplaces and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$49,938 to \$61,875 or from \$17.27 to \$20.97 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the final decision disclosing the total assessment for the subject of \$123,555. The subject property has an improvement assessment of \$85,793 or \$28.55 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction ranging in size from 2,968 to 3,117 square feet of living area. The homes range in age from 7 to 20 years old. Each comparable has a full basement with finished area, central air conditioning, and from one to three fireplaces. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$84,816 to \$110,938 or from \$28.31 to \$36.98 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #5 which are less similar to the subject in age than other comparables in this record or lack basement finish, which is a feature of the subject. The Board also gives less weight to the appellant's comparable #4 and board of review comparable #2 which each lack a garage, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 as well as board of review comparables #1, #3, and #4 which are similar to the subject in location, design/class, age, dwelling size, and other features. The comparables have improvement assessments ranging from \$55,276 to \$109,754 or from \$19.63 to \$36.98 per square foot of living area. The subject's improvement assessment of \$85,793 or \$28.55 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
