

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joshua Sigman  
DOCKET NO.: 22-38486.001-R-1  
PARCEL NO.: 13-34-224-017-0000

The parties of record before the Property Tax Appeal Board are Joshua Sigman, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,253  
**IMPR.:** \$23,338  
**TOTAL:** \$34,591

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,496 square feet of gross building area. The building is approximately 109 years old. Features of the building include a full unfinished basement, two full bathrooms and a two-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that have the same assessment neighborhood code and property classification code as the subject and are located from .1 to .6 of a mile from the subject property. The comparables are improved with 1.5-story or 2-story multi-family buildings of frame or masonry exterior

construction ranging in size from 2,392 to 2,623 square feet of gross building area. The buildings are from 105 to 123 years old. The comparables each have a full basement. The appellant did not address whether there was basement finish. Each comparable has two or three full bathrooms and a two-car garage. Comparable #3 has central air conditioning, according to the property detail printout provided by the appellant. The comparables have improvement assessments that range from \$13,083 to \$16,625 or from \$5.25 to \$6.50 per square foot of gross building area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$15,050 or \$6.03 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,591. The subject property has an improvement assessment of \$23,338 or \$9.35 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject and are located on the same street and block as the subject property. The comparables are improved with 2-story multi-family buildings of masonry exterior construction each containing 2,456 square feet of gross building area. The buildings are each 109 years old. The comparables each have a full unfinished basement, two full bathrooms and a two-car garage. The comparables have improvement assessments of \$23,846 and \$24,846 or \$9.71 and \$10.12 per square foot of gross building area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which are less similar to the subject in location and/or building in age.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are located on the same street and block as the subject and are similar to the subject in building size, design, age and most features. The comparables have improvement assessments of \$23,846 and \$24,846 or \$9.71 and \$10.12 per square foot of gross building area. The subject's improvement assessment of \$23,338 or \$9.35 per square foot of gross building area is less than the four best comparables in the record both in terms of total

improvement assessment and on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
