

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Witold Moskal
DOCKET NO.: 22-38495.001-R-1
PARCEL NO.: 09-26-306-014-0000

The parties of record before the Property Tax Appeal Board are Witold Moskal, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,710
IMPR.: \$26,023
TOTAL: \$34,733

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,275 square feet of living area. The dwelling is approximately 63 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 6,700 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood as the subject property. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,237 to 1,497 square feet of living area. The homes range in age from 46 to 81 years old. Each comparable has a full basement, one or two fireplaces, and a 1-car or a 2-

car garage. Four comparables each have central air conditioning. The comparables have improvement assessments ranging from \$16,638 to \$22,459 or from \$13.45 to \$16.40 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,733. The subject property has an improvement assessment of \$26,023 or \$20.41 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood as the subject property. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,096 to 1,472 square feet of living area. The homes range in age from 60 to 67 years old. Each comparable has a full or partial basement. One comparable has central air conditioning and one fireplace. Two comparables each have a 1-car or a 1.5-car garage. The comparables have improvement assessments ranging from \$22,906 to \$30,355 or from \$20.62 to \$23.57 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 and board of review comparable #2 which are less similar to the subject in age and/or dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #5 as well as the board of review comparables #1, #3, and #4 which are relatively similar to the subject in design/class, age, and dwelling size with varying degrees of similarity to the subject in other features suggesting appropriate adjustments would be required to make them more equivalent to the subject. The best comparables have improvement assessments ranging from \$16,638 to \$30,290 or from \$13.45 to \$23.57 per square foot of living area. The subject's improvement assessment of \$26,023 or \$20.41 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence in this record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
