

## FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Joseph Lacoppola  
DOCKET NO.: 22-38514.001-R-1  
PARCEL NO.: 09-27-414-016-0000

The parties of record before the Property Tax Appeal Board are Joseph Lacoppola, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>LAND:</b>	\$8,580
<b>IMPR.:</b>	\$38,420
<b>TOTAL:</b>	\$47,000

Subject only to the State multiplier as applicable.

### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

### **Findings of Fact**

The subject property consists of a multi-level dwelling of masonry exterior construction with 1,691 square feet of living area. The dwelling is approximately 61 years old. Features include a partial basement with finished area and a 2-car garage. The property has a 6,600 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood code and from 0.39 to 0.77 of a mile from the subject property. The comparables are improved with class 2-34, multi-level dwellings of masonry exterior construction ranging in size from 1,520 to 2,002 square feet of living area. The homes range in age from 45 to 65 years old. The comparables each have a partial basement with undisclosed basement finish, if any. Each comparable has one or two

fireplaces and a 2-car or 2.5-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$23,785 to \$36,572 or from \$15.22 to \$18.27 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,000. The subject property has an improvement assessment of \$38,420 or \$22.72 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood code and either on the same tax block as the subject or 1/4 of a mile from the subject property. The comparables are improved with class 2-34, multi-level dwellings of masonry exterior construction ranging in size from 1,600 to 1,676 square feet of living area. The homes range in age from 52 to 56 years old. Each comparable has a partial basement with finished area and a 2-car garage. Three comparables each have central air conditioning and one fireplace. The comparables have improvement assessments ranging from \$37,802 to \$40,420 or from \$22.80 to \$25.26 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which were not reported to have basement finish, like the subject. The appellant's comparables also present additional differences in location, age, and/or dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are located most proximate to the subject and are overall most similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$37,802 to \$40,420 or from \$22.80 to \$25.26 per square foot of living area. The subject's improvement assessment of \$38,420 or \$22.72 per square foot of living area falls within the range established by the best comparables in this record on an overall improvement assessment basis and below the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
