

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Konstantakis
DOCKET NO.: 22-38541.001-R-1
PARCEL NO.: 09-28-308-016-0000

The parties of record before the Property Tax Appeal Board are John Konstantakis, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,688
IMPR.: \$18,031
TOTAL: \$22,719

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 864 square feet of living area. The dwelling is approximately 69 years old. Features include a full basement and a 1.5-car garage. The property has a 6,250 square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood as the subject. The comparables are improved with 1-story, class 2-02 dwellings of frame exterior construction ranging in size from 840 to 996 square feet of living area. The homes range in age from 67 to 73 years old. Two comparables each have a partial basement and three comparables have either a crawl space

or a slab foundation. Each comparable has one or two fireplaces and from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$14,000 to \$15,763 or from \$14.56 to \$16.67 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,719. The subject property has an improvement assessment of \$18,032 or \$20.87 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood as the subject. The comparables are improved with 1-story, class 2-02 dwellings of frame exterior construction with each having 864 square feet of living area. The homes are either 71 or 72 years old. Each comparable has a full basement and from a 1.5-car to a 2.5-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$19,312 to \$20,312 or from \$22.35 to \$23.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in dwelling size than the other comparables in this record and/or a lack a basement foundation, which the subject features.

The Board finds the best evidence of assessment equity to be the board of review comparables which are identical or nearly identical to the subject in design/class, age, and dwelling size with varying degrees of similarity to the subject in other features. The best comparables have improvement assessments ranging from \$19,312 to \$20,312 or from \$22.35 to \$23.51 per square foot of living area. The subject's improvement assessment of \$18,032 or \$20.87 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
