

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: LGS Properties
DOCKET NO.: 22-38586.001-R-1
PARCEL NO.: 14-30-404-079-0000

The parties of record before the Property Tax Appeal Board are LGS Properties, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,762
IMPR.: \$54,129
TOTAL: \$91,891

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of masonry exterior construction with 2,783 square feet of living area. The dwelling is approximately 16 years old. The home features a full basement finished with a recreation room, central air conditioning, one fireplace, and a 2-car garage. The property has a 3,021 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts, on five equity comparables that are located within the subject's neighborhood code. The comparables are improved with class 2-78 dwellings of frame, masonry, or stucco exterior construction ranging in size from 2,519 to 2,856 square feet of living area. The comparables range in age from 18 to 34 years old. The comparables each have a full

basement, four of which are finished with a recreation room. Each comparable has central air conditioning. Four comparables each have one fireplace and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$42,000 to \$56,786 or from \$16.67 to \$19.88 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$54,129 or \$19.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$113,999. The subject property has an improvement assessment of \$76,237 or \$27.39 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with 3-story class 2-78 dwellings of masonry exterior construction ranging in size from 3,114 to 3,451 square feet of living area. The comparables range in age from 10 to 19 years old. Each comparable has a full basement finished with a recreation room, central air conditioning, either one or two fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$93,228 to \$101,938 or from \$28.31 to \$32.74 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #5 which differ substantially from the subject in age or lacks a garage amenity, which the subject features. The Board also gives less weight to the board of review comparables which are substantially larger homes than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 which are similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in basement finish and other features. The comparables have improvement assessments of \$49,938 and \$55,276 or \$18.39 and \$19.63 per square foot of living area., respectively. The subject's improvement assessment of \$76,237 or \$27.39 per square foot of living area falls above the two best comparables in this record and is excessive. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
