

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ashor Haido
DOCKET NO.: 22-39340.001-R-1
PARCEL NO.: 09-13-108-012-0000

The parties of record before the Property Tax Appeal Board are Ashor Haido, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,565
IMPR.: \$26,067
TOTAL: \$34,632

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,204 square feet of living area. The dwelling is approximately 60 years old. Features of the home include a partial basement with finished area, central air conditioning and a 1-car garage. The property has a 7,448 square foot site and is located in Morton Grove, Maine Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.04 to 0.68 of a mile from the subject. The comparables consist of class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,197 to 1,398 square feet of living area. The homes range from 60 to 65 years old. The comparables each have a partial basement for which

basement finish, if any, was not disclosed. Four comparables each have central air conditioning. Each comparable has one or two fireplaces. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$20,340 to \$25,209 or from \$16.75 to \$18.03 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the board of review final decision disclosing the total assessment for the subject of \$34,632. The subject property has an improvement assessment of \$26,067 or \$21.65 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three comparables located within the subject's assessment neighborhood and tax block and/or along the same street as the subject. The comparables consist of class 2-34, multi-level dwellings of frame and masonry exterior construction with either 1,204 or 1,207 square feet of living area. The homes are either 60 or 62 years old. Each comparable has a partial basement with finished area and a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments of either \$27,030 or \$28,054 and \$22.45 or \$23.24 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which were not reported to have basement finish, like the subject. Four of the appellant's comparables also present substantial differences from the subject in dwelling size and/or lack a garage amenity, which the subject features. The Board also gives less weight to board of review comparable #1, which like the appellant's comparable #5, lacks central air conditioning, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #3 which are located within the same assessment neighborhood and tax block, as well as being along the same street, as the subject property. These comparables are identical or nearly identical to the subject in location, design/class, age, dwelling size, and other features. The two best comparables each have an improvement assessment of \$27,030 or \$22.45 per square foot of living area. The subject's improvement assessment of \$26,067 or \$21.65 per square foot of living area falls below the two best comparables in this record. After considering the adjustments to the best comparables for differences to the subject, the Board finds the appellant did not demonstrate the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
