

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lois Olson
DOCKET NO.: 22-39378.001-R-1
PARCEL NO.: 09-24-311-035-0000

The parties of record before the Property Tax Appeal Board are Lois Olson, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,896
IMPR.: \$25,245
TOTAL: \$31,141

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,372 square feet of living area. The dwelling is approximately 71 years old. Features of the home include a full basement, 1½ bathrooms, central air conditioning and a 1.5-car garage. The property has a 5,360 square foot site and is located in Niles, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.66 of a mile from the subject. The comparables consist of class 2-03, 1-story dwellings of masonry exterior construction ranging in size from 1,325 to 1,570 square feet of living area. The dwellings are 65 to 70 years

old. Two comparables each have a crawl space foundation, and three comparables each have a full basement. Each comparable has 1 or 1½ bathrooms and a fireplace. One comparable has central air conditioning, and four comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$19,565 to \$22,850 or from \$13.60 to \$15.57 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$31,141. The subject property has an improvement assessment of \$25,245 or \$18.40 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood and within approximately ¼ of a mile from the subject. The comparables consist of class 2-03, 1.5-story dwellings of masonry exterior construction ranging in size from 1,354 to 1,498 square feet of living area. The comparables are 67 to 69 years old. Each comparable has a full basement with two having finished area, 1, 1½ or 2 bathrooms and a 2-car or a 2.5-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$26,763 to \$28,456 or from \$18.99 to \$20.95 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables which differ from the subject in design, foundation type and/or lack a garage amenity, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are overall most similar to the subject in location, design, age, dwelling size, foundation type and have a garage amenity, like the subject. These four comparables have improvement assessments ranging from \$26,763 to \$28,456 or from \$18.99 to \$20.95 per square foot of living area. The subject's improvement assessment of \$25,245 or \$18.40 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
