

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cristian Drimboi
DOCKET NO.: 22-39748.001-R-1
PARCEL NO.: 09-33-201-007-0000

The parties of record before the Property Tax Appeal Board are Cristian Drimboi, the appellant, by Andreas Mamalakis, attorney-at-law of the Law Offices of Andreas Mamalakis in Kenosha, Wisconsin; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,261
IMPR.: \$22,466
TOTAL: \$27,727

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 7,015 square foot site improved with a one-story dwelling of masonry exterior construction containing 1,141 square feet of living area. The dwelling is approximately 58 years old. Features of the property include an unfinished full basement, 1½ bathrooms and a 2.5-car garage. The property is in Des Plaines, Maine Township, Cook County. The subject is a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables composed of class 2-03 properties improved with 1-story or 1.5-story dwellings of masonry exterior construction that range in size from 1,148 to 1,332 square feet of living area. The homes are 69 to 77 years old. Three comparables have full basements, and two comparables

have crawl space foundations. Each property has one or two fireplaces, a 1-car or 2-car garage and 1, 1½, or 2½ bathrooms. Three comparables have central air conditioning. These properties have the same assessment neighborhood code as the subject property and are located from .12 to .83 of a mile from the subject property. Their improvement assessments range from \$13,485 to \$15,411 or from \$10.14 to \$12.48 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$12,996.

The appellant submitted a copy of the final decision of the board of review disclosing the total assessment for the subject property of \$27,727 and reported the subject had an improvement assessment of \$22,466 or \$19.69 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" and information on four equity comparables consisting of class 2-03 properties improved with one-story dwellings of masonry exterior construction that have either 1,125 or 1,197 square feet of living area. The homes are 55 or 64 years old. Each property has a full basement with two having formal recreation rooms, 1 or 1½ bathrooms, and a 1.5-car or 2-car garage. One comparable has central air conditioning. The comparables have the same neighborhood code as the subject property and are located ¼ of a mile from the subject property. The comparables have improvement assessments ranging from \$22,562 to \$24,600 or from \$19.76 to \$20.55 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables that are most similar to the subject property in age, size, style and most features. These comparables have improvement assessments that range from \$22,562 to \$24,600 or from \$19.76 to \$20.55 per square foot of living area. The subject's improvement assessment of \$22,466 or \$19.69 per square foot of living area falls below the range established by the best comparables in this record demonstrating the subject is not being inequitably assessed. The Board gives less weight to the appellant's comparables due to differences in age, style, size, and/or foundation. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
