

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 3114 Boyle Terrace LLC
DOCKET NO.: 22-39765.001-R-1
PARCEL NO.: 12-26-201-048-0000

The parties of record before the Property Tax Appeal Board are 3114 Boyle Terrace LLC, the appellant, by attorney Herbert B. Rosenberg, of Rock Fusco & Connelly, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,563
IMPR.: \$59,436
TOTAL: \$65,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 5,735 square feet of building area. The building is approximately 53 years old. Features of the building include a full basement finished with an apartment and a 2-car garage.¹ The property has an approximately 6,250 square foot site and is located in River Grove, Leyden Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables along with property characteristic sheets that are located in the same assessment neighborhood code as the subject and from .9 of a mile to 1.6 miles from the subject property.

¹ The Board finds the best descriptive evidence of the building was provided by the board or review that was not refuted by the appellant.

The comparables are improved with class 2-11, 2-story or 3-story buildings of masonry exterior construction that range in size from 5,712 to 6,240 square feet of building area. The buildings range in age from 49 to 60 years old. Two buildings each have a full basement and three comparables each have a slab foundation. Two comparables each have a 2-car garage. The comparables have improvement assessments that range from \$34,808 to \$52,662 or from \$5.86 to \$8.84 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$43,987 or \$7.67 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal". The appellant supplied a copy of the final decision disclosing the total assessment for the subject property of \$65,999. The subject property has an improvement assessment of \$59,437 or \$10.36 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject and on the same block or from .25 of a mile from the subject property. The comparables are improved with class 2-11, 2-story buildings of masonry exterior construction that contain either 5,208 or 5,658 square feet of building area. The buildings are 54 or 56 years old. Each building has a full basement finished with an apartment and three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$57,846 to \$59,438 or from \$10.39 to \$11.37 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparables #1, #2, #3 and #5 due to their distance of over one mile from the subject or their slab foundations when compared to the subject's basement foundation.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 and the board of review comparables. The Board finds that these comparables are most similar to the subject in design, building size, age, foundation and some features. These most similar comparables have improvement assessments ranging from \$34,808 to \$59,438 or from \$10.39 to \$11.37 per square foot of building area. The subject's improvement assessment of \$59,437 or \$10.36 per square foot of building area, falls within the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences

from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
