

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Latko
DOCKET NO.: 22-39817.001-R-1
PARCEL NO.: 09-35-107-026-0000

The parties of record before the Property Tax Appeal Board are Edward Latko, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,145
IMPR.: \$64,624
TOTAL: \$75,769

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,885 square feet of living area. The dwelling is 18 years old. Features of the home include a basement, central air conditioning and a 2-car garage. The property has a 6,556 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.17 to 0.82 of a mile from the subject. The comparables consist of class 2-78, 2-story dwellings of masonry exterior construction ranging in size from 2,551 to 3,297 square feet of living area. The dwellings are 29 to 37 years old. Each comparable has a basement, central air conditioning, a fireplace and either

a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$45,114 to \$55,950 or from \$16.74 to \$18.03 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject of \$75,769. The subject property has an improvement assessment of \$64,624 or \$22.40 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile from the subject. The comparables consist of class 2-78, 2-story dwellings of masonry exterior construction ranging in size from 2,618 to 2,894 square feet of living area. The dwellings are 17 to 22 years old. Each comparable has a basement, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$64,460 to \$67,539 or from \$23.23 to \$24.62 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to the dwellings' older ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are relatively similar to the subject in location, design, age, dwelling size and other features. These three comparables have improvement assessments ranging from \$64,460 to \$67,539 or from \$23.23 to \$24.62 per square foot of living area. The subject's improvement assessment of \$64,624 or \$22.40 per square foot of living area falls within the range established by the best comparables in this record on an overall basis and below on a per-square-foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
