

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kimberly Kaplan
DOCKET NO.: 22-39856.001-R-1
PARCEL NO.: 14-29-312-021-0000

The parties of record before the Property Tax Appeal Board are Kimberly Kaplan, the appellant, by attorney Dora Cornelio of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,000
IMPR.: \$105,000
TOTAL: \$150,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,630 square feet of living area. The dwelling is approximately 10 years old. The home features a full basement finished with a formal recreation room, three full bathrooms, one half bathroom,¹ two fireplaces and a 2-car garage. The property has a 3,000 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject. The submission

¹ The board of review disclosed the subject dwelling has an additional half bathroom, which was not refuted by the appellant.

included copies of the property characteristic printouts for each comparable that contain additional descriptive information. The comparables are class 2-78 properties improved with two-story dwellings of frame, masonry, stucco, or frame and masonry exterior construction ranging in size from 2,376 to 2,818 square feet of living area. The dwellings are from 25 to 31 years old. The comparables each have a full basement finished with a recreation room, two or three full bathrooms and either a 2-car or a 2.5-car garage. Four comparables have central air conditioning, three comparables each have a half bathroom and four comparables each have either one or three fireplaces. The comparables have improvement assessments that range from \$57,380 to \$68,477 or from \$23.86 to \$24.33 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$63,514 or \$24.15 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$150,000. The subject property has an improvement assessment of \$105,000 or \$39.92 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within $\frac{1}{4}$ of a mile from the subject property. The comparables are class 2-78 properties improved with two-story dwellings of frame exterior construction ranging in size from 2,458 to 2,908 square feet of living area. The dwellings are each 7 years old. The comparables each have a full basement finished with a formal recreation room, central air conditioning, three or four full bathrooms, one half bathroom, one or two fireplaces and a 2-car garage. The comparables have improvement assessments that range from \$106,309 to \$146,250 or from \$43.23 to \$50.29 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to their older dwelling ages, when compared to the subject. Additionally, the appellant's comparable #3 lacks central air conditioning, a feature of the subject. The Board has given reduced weight to board of review comparable #1 due to its larger dwelling size, when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3 and #4, which are overall most similar to the subject in location, dwelling size, design, age and many features. These three comparables have improvement assessments that range from

\$106,309 to \$111,125 or from \$43.23 to \$45.21 per square foot of living area. The subject's improvement assessment of \$105,000 or \$39.92 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
