

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Corcoran
DOCKET NO.: 22-39937.001-R-1
PARCEL NO.: 02-20-108-010-0000

The parties of record before the Property Tax Appeal Board are Thomas Corcoran, the appellant, by Daniel J. Farley, attorney-at-law of the Law Offices of Terrence Kennedy Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,082
IMPR.: \$51,917
TOTAL: \$74,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame exterior construction containing 3,817 square feet of living area. The dwelling is approximately 48 years old. Features of the property include a full unfinished basement, central air conditioning, one fireplace, 3½ bathrooms, and an attached 3.5-car garage.¹ The property has a 92,330 square foot site and is located in Inverness, Palatine Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables composed of class 2-08 properties improved with two-story dwellings of stucco,

¹ The appellant submitted a copy of the subject's property characteristic sheet from the Cook County Assessor's Office that described the subject as having a full unfinished basement.

frame, or frame and masonry exterior construction that range in size from 3,989 to 4,113 square feet of living area. The dwellings range in age from 19 to 61 years old. Each comparable has a full basement with three having finished area, central air conditioning, and a 2-car, 3-car or 4-car garage. The comparables have two or three full bathrooms and one or two half bathrooms. Four comparables have 1, 2 or 3 fireplaces. The comparables have the same assessment neighborhood code as the subject and are located from .4 to 1.6 miles from the subject property. These properties have improvement assessments that range from \$46,498 to \$53,992 or from \$11.57 to \$13.47 per square foot of living area. In the brief submitted with the appeal the appellant's counsel requested the subject's improvement assessment be reduced to \$12.43 per square foot of living area or \$47,445. On the appeal form the appellant requested the subject's improvement assessment be reduced to \$36,917.

The appellant submitted a copy of the final decision issued by the board of review disclosing the subject property had a total assessment of \$74,999. The subject property has an improvement assessment of \$51,917 or \$13.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" and information on four equity comparables composed of class 2-08 properties improved with two-story dwellings of masonry or frame and masonry exterior construction that range in size from 3,864 to 4,242 square feet of living area. The homes range in age from 17 to 35 years old. Each property has a partial or full basement with two having finished area, central air conditioning, one or two fireplaces, 2½ or 3½ bathrooms, and a 3-car garage. The comparables have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$55,754 to \$71,233 or from \$14.40 to \$17.79 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparables #1 due to differences from the subject in age. The Board gives less weight to board of review comparables #3 and #4 due to differences from the subject in age. The Board finds the best evidence of assessment equity to be appellant's comparables #1, #3, #4 and #5 along with board of review comparables #1 and #2 that range in size from 3,871 to 4,113 square feet of living area and in age from 28 to 61 years old. These comparables have varying degrees of similarity to the subject in features indicating that adjustments would be appropriate to make them more equivalent to the subject property. Nevertheless, the comparables have improvement assessments that range from \$46,498 to \$58,233 or from \$11.57 to \$15.04 per square foot of living area. The subject's improvement

assessment of \$51,917 or \$13.60 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
