

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Athanasios & Jordana Zavos
DOCKET NO.: 22-39971.001-R-1
PARCEL NO.: 09-35-411-013-0000

The parties of record before the Property Tax Appeal Board are Athanasios & Jordana Zavos, the appellants, by attorney Daniel J. Farley, of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,045
IMPR.: \$54,739
TOTAL: \$69,784

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction containing 3,268 square feet of living area. The dwelling is approximately 70 years old. Features of the home include a full basement finished with a recreation room, central air conditioning, one fireplace and a 2-car garage.¹ The property has an approximately 8,850 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information and property characteristic sheets on five equity comparables that are located in the same assessment neighborhood code as the subject and within 479 feet to 1.3 miles from the subject property. The

¹ The Board finds the best descriptive evidence of the subject dwelling was found in the property characteristic sheet provided by the appellants.

comparables are improved with class 2-06, 2-story dwellings of masonry exterior construction that range in size from 2,850 to 3,461 square feet of living area. The dwellings range in age from 66 to 84 years old. Each comparable has a full basement, two finished with a recreation room. Two comparables have central air conditioning, four comparables each have one or two fireplaces and three comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$40,084 to \$53,955 or from \$14.06 to \$15.97 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$28,955 or \$8.86 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,784. The subject property has an improvement assessment of \$54,739 or \$16.75 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject and from .25 of a mile or on the same block as the subject property. The comparables are improved with class 2-06, 2-story dwellings of masonry exterior construction that range in size from 2,619 to 3,197 square feet of living area. The dwellings range in age from 83 to 90 years old. Each comparable has a full or a partial basement, two finished with a recreation room. The comparables each have central air conditioning, one or three fireplaces and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$55,955 to \$63,955 or from \$18.30 to \$22.90 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board has given less weight to appellants' comparables #3, #4 and #5 as well as board of review comparables #3 and #4 due to their lack of garage or unfinished basement when compared to the subject. The Board has given reduced weight to appellants' comparables #1 and #2 due to their distance of over one mile away from the subject property.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2. The Board finds that these comparables are most similar to the subject in design and location and some features. However, each comparable is slightly older in age, smaller in dwelling size and have a greater fireplace count, suggesting adjustments would be required to make these two comparables equivalent to the subject. Nevertheless, these two most similar comparables have improvement assessments of \$58,505 and \$63,955 or \$18.30 and \$22.90 per

square foot of living area. The subject's improvement assessment of \$54,739 or \$16.75 per square foot of living area, falls below the assessments of the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
