

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT:     Guztavo Soto  
DOCKET NO.:    22-40014.001-R-1  
PARCEL NO.:     12-36-206-003-0000

The parties of record before the Property Tax Appeal Board are Guztavo Soto, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:**       \$5,062  
**IMPR.:**      \$38,937  
**TOTAL:**      \$43,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,916 square feet of gross building area. The building is approximately 63 years old. The building features a full basement finished with an apartment and a 2-car garage. The property has a 3,750 square foot site and is located in Elmwood Park, Leyden Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,780 to 3,482 square feet of gross building area. The buildings are 44 to 72

years old. Each comparable has a full basement and one or two fireplaces. One comparable has central air conditioning. Four comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$31,034 to \$40,250 or from \$11.16 to \$12.20 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the board of review final decision disclosing the total assessment for the subject of \$43,999. The subject property has an improvement assessment of \$38,937 or \$13.35 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,784 to 3,120 square feet of gross building area. The buildings range in age from 57 to 70 years old. Each comparable has a full basement with finished area. Two comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$39,938 to \$49,938 or from \$14.35 to \$16.01 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #5, as well as board of review comparables #2 and #3, due to differences when compared to the subject in age, dwelling size, central air conditioning, and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1, #3, and #4, as well as board of review comparables #1 and #4, which are overall most similar to the subject in location, design/class, age, gross building size, and other features. The best comparables have improvement assessments ranging from \$31,034 to \$40,588 or from \$11.16 to \$14.45 per square foot of gross building area. The subject's improvement assessment of \$38,937 or \$13.35 per square foot of gross building area falls within the range established by the best comparables in this record. After considering the necessary adjustments to the best comparables for differences when compared to the subject, the Board finds that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
