

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 2300 Belmont, LLC  
DOCKET NO.: 22-40046.001-R-1  
PARCEL NO.: 14-19-328-030-0000

The parties of record before the Property Tax Appeal Board are 2300 Belmont, LLC, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$39,062  
**IMPR.:** \$56,937  
**TOTAL:** \$95,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story mixed-use building of masonry exterior construction with 6,051 square feet of building area. The building is approximately 87 years old. Features include a basement, two full bathrooms, two half bathrooms, and a 1-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 3-story, class 2-12 mixed-use buildings of masonry or frame and masonry exterior construction. The buildings range in size from 4,248 to 6,489 square

feet of building area and range in age from 91 to 141 years old. Each comparable has a basement, one of which has finished area, and from one to five full bathrooms. One comparable has central air conditioning and three comparables each have a 1.5-car, a 2-car, or a 3-car garage. The comparables have improvement assessments ranging from \$28,050 to \$56,125 or from \$5.92 to \$8.65 per square foot of building area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$46,834.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$95,999. The subject property has an improvement assessment of \$56,937 or \$9.41 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 3-story, class 2-12 mixed-use buildings of masonry exterior construction ranging in size from 4,966 to 6,012 square feet of building area. The buildings range in age from 110 to 130 years old. Each comparable has a basement, two to six full bathrooms, and one half bathroom. Two comparables have a 2-car or a 4-car garage. The comparables have improvement assessments ranging from \$53,782 to \$63,500 or from \$10.56 to \$10.90 per square foot of building area. Based on this evidence the board of review requested the subject's assessment be sustained.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #4 and the board of review's comparables #2 and #3, due to substantial differences from the subject in building size and/or age. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #5 and the board of review's comparables #1 and #4, which are more similar to the subject in building size, age, location, and most features, although these comparables have more full bathrooms than the subject and differ from the subject in garage amenity or capacity, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$37,875 to \$59,941 or from \$6.05 to \$10.90 per square foot of building area. The subject's improvement assessment of \$56,937 or \$9.41 per square foot of building area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
