

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cyrus Hashemian
DOCKET NO.: 22-40558.001-R-1
PARCEL NO.: 13-30-322-008-0000

The parties of record before the Property Tax Appeal Board are Cyrus Hashemian, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,532
IMPR.: \$9,113
TOTAL: \$18,645

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 97year-old, one-story, building of frame construction containing 915 square feet of gross building area. Features of the subject include a full unfinished basement, central air conditioning and a two-car garage. The property is situated on 3,813 square feet of land in Jefferson Township, Cook County. The subject is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal, as reflected on the face of the Petition. In support of this argument, the appellant submitted information on four suggested properties. None of these properties disclosed improvement assessment per square foot of living area. Three disclosed sale information for sales that occurred in 2010, 2012 and 2017.

The board of review submitted its Board of Review Notes on Appeal disclosing the total assessment for the subject of \$18,646. The subject property had an improvement assessment of \$9,113, or \$9.96 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparable properties.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). “Under the burden of going forward, the contesting party must provide substantive, documentary evidence or legal argument sufficient to challenge the correctness of the assessment of the subject property.” 86 Ill.Admin.Code §1910.63(b). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question and recommended not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparable properties to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The appellant raised the issue of Assessment Equity by checking that alternative basis of appeal on the face of the Petition. Yet the appellant did not submit information of improvement assessments for his four suggested comparable properties. Instead, the appellant disclosed information for three of the four properties for sales that occurred well beyond the dates of reliable comparisons. These sales occurred from five to twelve years prior to the lien year. In contrast, the board of review submitted four suggested comparable equity properties with assessment per square foot of living area information.

The Board finds the best evidence of assessment equity to be the board of review's comparable(s) #1 through #4. These comparable properties were most similar with the subject and had improvement assessments that ranged from \$10.02 to \$13.85 per square foot of living area. The subject's improvement assessment of \$9.96 per square foot of gross building area falls below the range established by the best comparable properties in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
