

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean Rhattigan
DOCKET NO.: 22-40607.001-R-1
PARCEL NO.: 02-22-209-071-0000

The parties of record before the Property Tax Appeal Board are Sean Rhattigan, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,000
IMPR.: \$33,000
TOTAL: \$41,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of frame and masonry exterior construction with 2,553 square feet of living area. The dwelling is 13 years old. The home features a slab foundation, 3 full and 1 half bathrooms, central air conditioning, a fireplace and a 2-car garage. The property has a 1,543 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.77 to 0.79 of a mile from the subject. The comparables are improved with class 2-95, 3-story dwellings of frame and masonry exterior construction each containing 2,885 square feet of living area and are 17 years old. Each

comparable has a slab foundation, 2 full and 1 or 2 half bathrooms, central air conditioning, a fireplace and a 2-car garage. Each comparable has an improvement assessment of \$30,000 or \$10.40 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject of \$41,000. The subject property has an improvement assessment of \$33,000 or \$12.93 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood, block and street as the subject. The comparables are improved with class 2-95, 3-story dwellings of frame and masonry exterior construction each containing 2,553 square feet of living area and are 13 years old. Each comparable has a slab foundation, 3 full and 1 half bathrooms, central air conditioning, a fireplace, and a 2-car garage. The comparables have improvement assessments of \$33,501 and \$35,000 or \$13.12 and \$13.71 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables that are less similar to the subject in dwelling size, age and bathroom count than the board of review's comparables.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are located within the same assessment neighborhood, block and street as the subject and are identical to the subject in design, age, bathroom count and other features. These four comparables have improvement assessments of \$33,501 and \$35,000 or \$13.12 and \$13.71 per square foot of living area. The subject's improvement assessment of \$33,000 or \$12.93 per square foot of living area falls below the improvement assessments established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
