

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yanet Escobar
DOCKET NO.: 22-40626.001-R-1
PARCEL NO.: 02-25-403-026-0000

The parties of record before the Property Tax Appeal Board are Yanet Escobar, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,511
IMPR.: \$17,124
TOTAL: \$22,635

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,427 square feet of living area. The dwelling is approximately 66 years old. Features include a crawl space foundation, central air conditioning, one fireplace, and a 2-car garage. The property has a 10,020 square foot site and is located in Rolling Meadows, Palatine, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 homes of frame exterior construction ranging in size from 1,401 to 1,530 square feet of living area. The dwellings are 67 or 68 years old. One comparable

has a partial basement and four comparables each have a crawl space foundation. Two comparables each have central air conditioning. Each comparable has one or two fireplaces. Four comparables each have from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$15,926 to \$17,608 or from \$10.55 to \$11.71 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,000. The subject property has an improvement assessment of \$21,489 or \$15.06 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 of frame exterior construction ranging in size from 1,205 to 1,437 square feet of living area. The dwellings are each 68 years old. Each comparable has a partial basement and a 1.5-car or a 2-car garage. Two comparables each have central air conditioning. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$19,220 to \$22,489 or from \$15.65 to \$16.05 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 and the board of review comparables which have basement foundations, which the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3, #4, and #5 which are overall more similar to the subject in location, design/class, foundation type, age, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$15,926 to \$17,608 or from \$10.55 to \$11.71 per square foot of living area. The subject's improvement assessment of \$21,489 or \$15.06 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
