

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Jarczyk
DOCKET NO.: 22-40648.001-R-1
PARCEL NO.: 02-27-200-072-0000

The parties of record before the Property Tax Appeal Board are Andrew Jarczyk, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,835
IMPR.: \$46,164
TOTAL: \$52,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,077 square feet of living area. The dwelling is 25 years old. Features of the home include a full basement, central air conditioning, a fireplace and a 2-car garage. The property has a 9,765 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.52 of a mile from the subject. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,558 to 3,449 square feet of living area. The dwellings are 22

to 43 years old. Each comparable has a partial or full basement, central air conditioning, a fireplace and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$30,949 to \$37,162 or from \$10.77 to \$13.11 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject of \$52,999. The subject property has an improvement assessment of \$46,164 or \$15.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's block or approximately ¼ of a mile from the subject. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,376 to 2,624 square feet of living area. The dwellings are each 22 years old. Each comparable has a full basement with two having finished area, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$38,420 to \$44,080 or from \$16.08 to \$17.17 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 through #5 due to their considerably older ages when compared to the subject. The Board also gives less weight to the board of review's comparable #3 due to its significantly smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review's comparables #1, #2 and #4 which are overall most similar to the subject in in location, design, age and some features. However, the appellant's comparable #1 has a 12% larger dwelling size while the board of review's comparables have a 15% and 17% smaller dwelling sizes than the subject suggesting adjustments would be appropriate to make them more equivalent to the subject. These four comparables have improvement assessments ranging from \$37,162 to \$44,080 or from \$10.77 to \$17.17 per square foot of living area. The subject's improvement assessment of \$46,164 or \$15.00 per square foot of living area falls above the range established by the best comparables in this record in terms of an overall basis and within the range on a per-square-foot basis. The subject's higher assessment is logical given the subject's larger dwelling size relative to a majority of the best comparables in the record. Based

on this record and after considering the adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
