

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Oyibo  
DOCKET NO.: 22-41795.001-R-1  
PARCEL NO.: 20-22-200-036-0000

The parties of record before the Property Tax Appeal Board are Charles Oyibo, the appellant, by attorney Anne E. Edelman-Larsen, of the Law Offices of Frank A. Edelman, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,881  
**IMPR.:** \$1,119  
**TOTAL:** \$5,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story multi-family building of masonry construction with 5,534 square feet of building area. The building is approximately 116 years old and features a basement. The property has a 3,105 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on April 10, 2019 for a price of \$50,000. The appellant completed Section IV of the appeal petition disclosing the sale was not between related parties, the property sold using a realtor and was advertised for sale with the Multiple Listing Service from October 2016 to April 2019, and the sale was not due to foreclosure or by contract for deed. In support of the sale, the appellant submitted a copy of a

settlement statement indicating payment of realtors' commissions. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,249. The subject's assessment reflects a market value of \$92,490 or \$16.71 per square foot of building area, land included, when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within the same assessment neighborhood code as the subject, two of which 0.25 of a mile from the subject. The comparables are improved with 2-story, class 2-12 mixed-use buildings with varying degrees of similarity to the subject in building size, age, site size, and features. The comparables sold from January 2019 to July 2022 for prices ranging from \$91,192 to \$400,000 or from \$21.06 to \$72.82 per square foot of building area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April 2019 for a price of \$50,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV of the appeal petition disclosing the parties to the transaction were not related, the property was sold using a realtor, the property had been advertised on the open market with the Multiple Listing Service for more than one year. In further support of the transaction the appellant submitted a copy of the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board gave less weight to the board of review's comparables which are mixed-use buildings compared to the subject multi-family building with a different classification code than the subject.

Based on this record the Board finds the subject property had a market value of \$50,000 as of January 1, 2022. Since market value has been determined the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill. Admin. Code § 1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
