

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Yackley
DOCKET NO.: 22-41902.001-R-1
PARCEL NO.: 14-28-305-049-0000

The parties of record before the Property Tax Appeal Board are John Yackley, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,910
IMPR.: \$43,090
TOTAL: \$55,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of masonry exterior construction with 1,558 square feet of living area. The dwelling was constructed in 1988 and is approximately 34 years old. Features of the home include a concrete slab foundation, central air conditioning, and a one-car garage. The property has a 794 square foot site and is located in Chicago, Lakeview Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located within the subject's assessment neighborhood. The comparables consist of two-story class 2-95 dwellings of masonry exterior construction each containing 1,558 square feet of living area. The homes were each built in 1988. Each dwelling has central air conditioning, a concrete slab foundation, and either a one-car or two-car garage. The

comparables have improvement assessments ranging from \$31,000 to \$40,810 or from \$19.90 to \$26.19 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$38,500 or \$24.71 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,000. The subject property has an improvement assessment of \$43,090 or \$27.66 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .25 of a mile of the subject. The comparables consist of two-story or three-story class 2-95 dwellings of masonry exterior construction ranging in size from 1,558 to 5,043 square feet of living area. The homes are either 7 or 32 years old. Each dwelling has central air conditioning and a concrete slab foundation. One comparable has a fireplace and three comparables each have a one-car or two-car garage. The comparables have improvement assessments ranging from \$43,345 to \$249,315 or from \$27.82 to \$49.86 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that the board of review comparables should be afforded less weight as they differ from the subject in bathroom count, fireplace count, style, age, and/or lack a garage.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 13 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to board of review comparables #2 through #4, which differ significantly from the subject in dwelling size and age. Additionally, the three-story design of these three comparables differs from the subject's two-story home, and comparable #3 lacks a garage, a feature of the subject.

The Board finds the best evidence of assessment equity to be the nine comparables submitted by the appellant along with board of review comparable #1, which are similar or identical to the subject in age, dwelling size, and features. These comparables have improvement assessments that range from \$31,000 to \$43,345 or from \$19.90 to \$27.82 per square foot of living area. The subject's improvement assessment of \$43,090 or \$27.66 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
