

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Wilhelm
DOCKET NO.: 22-42766.001-R-1
PARCEL NO.: 13-14-329-023-0000

The parties of record before the Property Tax Appeal Board are Peter Wilhelm, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,750
IMPR.: \$37,362
TOTAL: \$53,112

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,434 square feet of living area. The dwelling is 118 years old. Features of the home include a full basement and central air conditioning. The property has a 3,150 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables located within the subject's assessment neighborhood and from .37 of a mile to 1.53 miles from the subject. The comparables consist of class 2-06 dwellings of frame exterior construction ranging in size from 2,366 to 2,607 square feet of living area. The homes range in age from 105 to 124 years old. Two dwellings have central air conditioning, five comparables

each have a two-car garage, five comparables each have a basement, and one comparable has a concrete slab foundation. The comparables have improvement assessments ranging from \$9,585 to \$32,375 or from \$3.68 to \$13.07 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$17,671 or \$7.26 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,112. The subject property has an improvement assessment of \$37,362 or \$15.35 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .25 of a mile of the subject. The comparables consist of two-story class 2-05 dwellings of frame exterior construction ranging in size from 1,855 to 2,000 square feet of living area. The homes range in age from 108 to 123 years old. Each dwelling has a basement and a one-car or two-car garage. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$29,216 to \$36,196 or from \$15.75 to \$18.60 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that board of review comparables #2 and #4 are dissimilar to the subject in dwelling size.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1 through #4, each of which is located more than one mile from the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #5 and #6, along with the comparables submitted by the board of review, which are similar to the subject in age and location, with varying degrees of similarity to the subject in dwelling size and features. These comparables have improvement assessments ranging from \$18,761 to \$36,196 or from \$7.90 to \$18.60 per square foot of living area. The subject's improvement assessment of \$37,362 or \$15.35 per square foot of living area is above the range established by the best comparables in this record overall and within the range on a per-square-foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
