

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith Schreiner
DOCKET NO.: 22-42770.001-R-1
PARCEL NO.: 13-05-432-038-0000

The parties of record before the Property Tax Appeal Board are Keith Schreiner, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,188
IMPR.: \$24,979
TOTAL: \$33,167

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story building of frame exterior construction with 1,920 square feet of living area. The building is 95 years old. Features of the building include a full basement and a two-car garage. The property has a 4,092 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and within .93 of a mile of the subject. The comparables consist of class 2-11 buildings of frame exterior construction ranging in size from 1,904 to 1,983 square feet of gross building area. The buildings range in age from 99 to 151 years old. Each building has a full basement, one comparable has central air

conditioning, and three comparables each have a two-car garage. The comparables have improvement assessments ranging from \$12,908 to \$18,818 or from \$6.78 to \$9.74 per square foot of gross building area. Based on this evidence, the appellant requested a reduced improvement assessment of \$16,838 or \$8.77 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,167. The subject property has an improvement assessment of \$24,979 or \$13.01 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the same block as the subject. The comparables consist of two-story class 2-11 buildings of frame or masonry exterior construction ranging in size from 1,870 to 1,920 square feet of gross building area. The buildings range from 82 to 98 years old. Each building has a full basement, one of which has finished area. One building has central air conditioning and three comparables each have a two-car garage. The comparables have improvement assessments ranging from \$27,149 to \$28,560 or from \$14.14 to \$15.16 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that board of review comparable #4 differs from the subject in exterior construction.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1, #2, #3, and #5, as well as board of review comparables #2 and #4, which feature central air conditioning unlike the subject, lack a garage, or differ from the subject in age.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 along with board of review comparables #1 and #3, which are similar to the subject in age, location, building size, and features. These comparables have improvement assessments that range from \$18,818 to \$28,560 or from \$9.74 to \$15.16 per square foot of gross building area. The subject's improvement assessment of \$24,979 or \$13.01 per square foot of gross building area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
