

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Omri Ben-Shahar
DOCKET NO.: 22-42811.001-R-1
PARCEL NO.: 20-11-200-012-0000

The parties of record before the Property Tax Appeal Board are Omri Ben-Shahar, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,100
IMPR.: \$52,099
TOTAL: \$108,199

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,618 square feet of living area. The dwelling is approximately 131 years old. Features of the home include a basement, six fireplaces, six full bathrooms, and two half bathrooms. The property has an 11,220 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject and within 0.9 of a mile from the subject. The comparables are improved with 2-or-more-story, class 2-06 homes of frame or masonry exterior construction ranging in size from 3,406 to 4,324 square feet of living area. The dwellings range

in age from 112 to 135 years old. Each home has a basement, from one to six fireplaces, four full bathrooms, and one or two half bathrooms. Three comparables have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$43,100 to \$58,050 or from \$10.62 to \$13.59 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$44,067.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,199. The subject property has an improvement assessment of \$52,099 or \$14.40 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject and 0.25 of a mile from the subject. The comparables are improved with 2-story, class 2-06 homes of frame or frame and masonry exterior construction ranging in size from 3,534 to 3,864 square feet of living area. The dwellings range in age from 128 to 134 years old. Each home has a basement, three of which have finished area, one or three fireplaces, and three or four full bathrooms. Two homes have central air conditioning, three homes have a half bathroom, and two comparables have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$53,787 to \$83,550 or from \$15.22 to \$21.62 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3, due to substantial differences from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 and the board of review's comparables, which are more similar to the subject in dwelling size, age, location, and some features, although four comparables have a garage unlike the subject, three comparables are reported to have finished basement area unlike the subject, and two comparables have central air conditioning unlike the subject, suggesting downward adjustments to these comparables would be needed for these features to make them more equivalent to the subject. However, these comparables have fewer bathrooms and fireplaces than the subject, suggesting upward adjustments for these features would be needed. These comparables have improvement assessments ranging from \$43,100 to \$83,550 or from \$11.06 to \$21.62 per square foot of living area. The subject's improvement assessment of \$52,099 or \$14.40 per square foot of living area within the range established by the best comparables in this record.

Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
